Subject	GDPR Three Year Anniversary with Tools for Easy Compliance

Today it is the **third year anniversary of General Data Protection Regulation** application on EU Member States and outside EU on organizations processing personal data of EU citizens.

The GDPR has changed personal data protection and data privacy environment in Europe and beyond. Nevertheless, compliance with GDPR is a dynamic process and does not happen overnight; requires analysis, planning and discipline execution.

CubelQ provides a number of tools and services that help organizations to accelerate and sustain GDPR compliance.

- (1) [ComplyKey™ Platform](#) for structured and unstructured Data Analysis that is required in several GDPR articles.
- (2) [Promisec™ Endpoint Manager – PEM™ Platform](#) for Data Security, Breach Notification Requirements and end-points monitoring, detecting and remediating security policy violations.
- (3) [WebGDPR™ Internet Based Application](#) for website, webpages and web applications GDPR compliance.
- (4) [Proteus@NextGen Data Privacy™ Platform](#) for managing data privacy compliance programs in order to avoid a data breaches and for managing the full cycle of compliance and operation. Proteus@NextGen supports GDPR, CCPA, LGPD, PDPA, RGPD and it is enhanced to support future data privacy standards too.
